Professional Profile

Detail-oriented and growth-focused full-stack web developer with hands-on experience building scalable applications using Django, React, and modern frontend technologies including Tailwind CSS and Next.js. Adept in both frontend and backend development, with a solid foundation in system configuration, deployment, and cloud hosting environments like Firebase, Render, and Docker. Experienced in building real-world applications and implementing clean code architecture, authentication flows, RESTful APIs, and real-time features using tools like Django Channels and Redis.

Technical Skills

- Python (Django, Django Rest Framework)
- JavaScript / TypeScript (React, Next.js)
- HTML, CSS, Tailwind CSS
- PostgreSQL, MySQL, Firebase
- Docker, Docker Compose
- Git, GitHub
- Redis, NGINX
